Please, complete the form with your recommendations and give it to the person in charge or send it by mail to foro@ybiz.net

The Objective of this questionnaire is to learn of the opinions and recommendations in regards to the theme of the IV Summit of the Americas, which is: **“Creating Employment to Confront Poverty and Strengthen Democratic Governance.”** We have divided the theme into 4 questions in order to receive more specific recommendations.

• **Promoting Leadership and Good Citizenship**

How can the leadership potential and social responsibility of young entrepreneurs advance the Summit Plan of Action?

• **Improving the Competitiveness and the Enterprise Atmosphere**

How can governments, civil society, and the private sector collaborate to reduce barriers to business startup and create an improved environment and access to finance for young entrepreneurs?

• **Fortifying the Education and the Training**

What strategies are most effective in giving young entrepreneurs the skills they need to improve their living conditions and create employment in their communities?

• **The use of the Technology as a Platform for the Entrepreneurs**

How can technology and the Internet be most effectively and widely used to create employment and business opportunities for young people and to increase their success and competitiveness?
